The Philippine Statistics Authority (PSA) Marinduque Provincial Statistics Office (PSO) is making great strides in extending PhilSys Step 2 Registration throughout the province. By collaborating with Local Government Units (LGU) and private institutions and implementing various saturation drives, such as "PhilSys on Wheels" and mobile registrations, a total of 190,135 registrants from the six (6) municipalities in the province have successfully been included in the Philippine Identification System. This achievement marks an 88 percent accomplishment of the provincial target as of December 31, 2023.

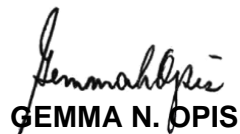

In addition to PhilSys registration services, continuous distribution of ePhilIDs is also being carried out, accompanied by public information campaigns highlighting the importance and advantages of being PhilSys-registered. As of December 31, 2023, 150,503 ePhilIDs have been issued in the province of Marinduque.

These initiatives and concerted efforts clearly show the agency's unwavering commitment to deliver a secure and universally-accepted identification system for all, providing the public with easier access to various government services through National ID System.

As PhilSys continues to expand its implementation, PSA-Marinduque encourages the remaining unregistered individuals to take advantage of these various saturation drives to avail PhilSys services.

Pursuant to Sec 19 of Republic Act RA No. 10173, known as the "Data Privacy Act of 2012", all information that will be gathered will be treated with utmost confidentiality.
