PRESS RELEASE

PSA Oriental Mindoro Conducts May 2024 Labor Force Survey

Date of Release: 06 May 2024
Reference No.: 2024-PR-020

PSA Statistical Researcher conducting an interview of the respondent of the sample household.

The Philippine Statistics Authority (PSA) Oriental Mindoro Provincial Statistical Office (PSO) will conduct the May 2024 round of the Labor Force Survey (LFS) on 08 to 28 May 2024. This survey operation is in accordance with the PSA Board Resolution No. 8 Series of 2020, Approval of the Conduct of the Monthly LFS and Generation of Monthly Labor and Employment Statistics.

Two Statistical Researchers (SRs) will be involved in the data collection using tablets, in adherence to the Computer-Assisted Personal Interviewing (CAPI) approach.

The Monthly LFS is a nationwide survey conducted by the PSA to gather data on the demographic and socio-economic characteristics of the population. The results of the survey will provide high frequency statistical information on the nation's labor market and better understanding of the current situation of employment and economy of the Philippines.

Utilizing the 2023 Geo-enabled Master Sample for household-based surveys of the PSA, this monthly LFS has a nationwide total sample of 10,836 households to ensure reliable estimates of the labor and employment indicators. In the Province of Oriental Mindoro, there are 96 sample households to be interviewed which are located in the City of Calapan and municipalities of Naujan, Pinamalayan, and Bulalacao.

The PSA is committed to deliver relevant and reliable statistics. Hence, the agency encourages the public, especially the sample households, to participate in the various censuses and surveys conducted by the PSA. The agency also assures that all collected personal information are processed in accordance with the law and other issuances.
