24 March 2025 – CITY OF PUERTO PRINCESA. Training on data tabulation and analysis using Census and Survey Processing System (CPro) software was conducted by the Philippine Statistics Authority (PSA) Palawan on 17 to 19 March 2025 at VJR Hall Capitol Complex, Provincial Capitol, Puerto Princesa City to selected Provincial Planning and Development Office (PPDO) staffs. The three-day training was requested and organized by PPDO with the aim to upskill its employees in utilizing the 2022 Community-Based Monitoring System (CBMS) data of the 18 municipalities and one highly urbanized city in Palawan.

Senior Statistical Specialist Jesus Niño M. Sorima, Information Systems Analyst II Reinell L. Manlapaz, and Statistical Specialist II Marnito C. Andrada were the technical personnel of PSA Palawan who served as the resource persons for this activity. They discussed the basic features of CPro software and trained the participants in adding value sets, creating simple tabulations, and creating complex tables using Tabulation Logics (TabLog) and Post Calculation (PostCalc). Various hands-on examples and exercises were also done to assess the trainees' understanding of each topic taught.

In her opening message, Supervising Statistical Specialist Donna Marie D. Mobe, the Officer-in-Charge of PSA Palawan, assured that the PSA is always ready to support the PPDO should they need further assistance in data tabulation. Moreover, Engr. Rafael Balcueba Jr, EnP, the Assistant Provincial Planning and Development Coordinator of PPDO, expressed his gratitude towards PSA for granting their request

immediately. The PPDO will now be able to generate data needed for their plans and programs for the betterment of Palawan.
