

PRESS RELEASE

PSA Palawan Presents the 2024 CBMS Preliminary Results for the Municipality of Linapacan

Date of Release: 22 July 2025

Reference No. 2025-PR-028

PSA Palawan Team with selected LGU Linapacan Personnel led by Hon. Emil T. Neri – Municipal Mayor of the Municipality of Linapacan (Leftmost-Male)

17 July 2025 – LINAPACAN, PALAWAN. The Provincial Statistical Office (PSO) of Palawan presented the preliminary results of the 2024 Community-Based Monitoring System (CBMS) for the Municipality of Linapacan on 17 July 2025 at the Local Government Unit (LGU) of Linapacan Municipal Building, Bgy. San Miguel, Linapacan, Palawan. This activity was done to validate the data collected from the said municipality and to provide insights and understanding on the initial findings of the CBMS.

The participants from the LGU was led by Honorable Mayor Emil T. Neri, together with Project Development Officer I/ Person-in-Charge MPDO Shiela Grace R. Dalabajan, Municipal Civil Registrar Olivia Palanca, Municipal Agriculture Office's Officer-in-Charge Brayn C. Cabrera, Municipal Health Officer Dr. Charlie O. Tejada, Municipal Engineer Felizardo D. Kompitan, Municipal Budget Officer Dante S. Madlangalay, Sangguniang Bayan Hon. Darwin T. Alaska, Tourism Operations Officer II Ma. Lita T. Rodriguez, and Process Server Romnick C. Agenda.

PSO Palawan Statistical Analyst Dennis C. Hilario and Information Systems Analyst II Reinell L. Manlapaz presented the preliminary statistics on some key indicators generated from the 2024 CBMS such as Access to Basic Drinking Water Services, Tenure Status of Housing Units, Food Insecurity Experience, Service Level of Toilet Facility, Handwashing Facility, Access to Basic Electricity, Financial Accounts, Housing Characteristics, Peace and Order, and Access to Internet. They also discussed the requirements to be complied by the LGU for the 2024 CBMS Data Turnover and the upcoming activities of the PSA.

Honorable Mayor Neri expressed the LGU's excitement to receive the 2024 CBMS data as this will be their primary basis to evidence-based planning, policy formulation, program implementation, and monitoring and evaluation of activities in their municipality.

CBMS is an organized technology-based system of collecting, processing, and validating necessary disaggregated data that may be used for local planning, program implementation, and impact monitoring while empowering communities to participate in the process. It involves generation of data at the local level which serves as a basis in targeting households for government programs geared towards poverty alleviation and economic development.
