Figure 3. Number of Households That Own Agricultural Land/s Acquired through CARP: City of Calapan, 2020

Source: Philippine Statistics Authority, 2020 Census of Population and Housing

Barangays with the number of households that own other types of land in the City of Calapan, Oriental Mindoro

Barangay Camilmil recorded the highest total number of households that own other types of land with four households in the City of Calapan, Oriental Mindoro. Other lands include lands that are used for commercial, industrial, or recreational purposes. It was followed by Barangaya Batino, Buhuan and Malamig with three households, each, Barangays Comunal and Guinobatan with two households, each, and Barangays Bayanan II, Biga, Bulusan, Canubing II, Ilaya, Lalud, Lazareto, Masipit, Pachoca, Salong, Sto. Niño, Sta. Maria Village and Wawa with only one household, each.

The statistics presented in this report were based on the information provided by the respondent or any responsible household member who may provide accurate answers to the questions and give correct information about the household. Moreover, the number of households in this report excludes households enumerated as homeless.

In the 2020 CPH, data on the land ownership were collected by asking the respondents, *“Does any member of this household own the following?”*

1. *Other residential land/s;*
2. *Agricultural land/s;*
3. *Agricultural land/s acquired through Comprehensive Agrarian Reform Program, as an agrarian reform beneficiary;*
4. *Other land/s.*

Technical Notes

The population and housing censuses in the Philippines are conducted on a “de jure” basis, wherein a person is counted in the usual place of residence or the place where the person usually resides. The enumeration of the population and collection of pertinent data in the 2020 CPH referred to all living persons as of 01 May 2020.

For land ownership in the 2020 CPH, the respondent was asked, “Does any member of this household own the following...?” This determines if the household has any member/s who own other lands aside from the one that the household is currently occupying. The data were collected using the CPH Form 2 (Common Household Questionnaire).

DEFINITION OF TERMS

Household is a social unit consisting of a person or a group of persons who sleep in the same housing unit and have a common arrangement in the preparation and consumption of food.

Agricultural Land/s refers to land/s devoted to or suitable for the cultivation of the soil, planting of crops, growing of trees, raising of livestock, poultry, fish, or aquaculture production, including the harvesting of such farm products, and other farm activities and practices performed in conjunction with such farming operations by persons whether natural or juridical and not classified by law as mineral land, forest land, residential land, commercial land, and industrial land.

Residential Land/s refers to All lands that have been identified and zoned as residential through the appropriate ordinance by the Local Government Unit (LGU) having jurisdiction over the area. These include residential lands within areas zoned as mixed residential and commercial or mixed residential and industrial (Source: RA 10023, Series of 2010).

Other Residential Land refers to residential lands that the household owns other than the one they are occupying.

Other Land/s include commercial lands, industrial lands, ancestral domains, and ancestral lands. The last two categories are distinguished from Torrens Title and other tenurial instruments granted by a government agency or by the court.

Agricultural land/s, acquired through Comprehensive Agrarian Reform Program, Agrarian Reform Beneficiary pertains to land ownership acquired through Emancipation Patent (EP) Holder, Certificate of Land Ownership Award (CLOA), and Homestead Patent (HP), Leasehold Contract (LC).
