Regional Director Leni R. Rioflorido delivers her welcoming address at the launch of the Mobile CRS Outlet Service.

27 August 2024 – MARKET SITE MOGPOG, MARINDUQUE.

PSA-Marinduque launched the new system of PSA Mobile Civil Registry System (CRS) Outlet in LGU Mogpog, spearheaded by PSA MIMAROPA Regional Director Leni Rioflorido and PSA-Marinduque Chief Statistical Specialist Ms. Gemma N. Opis, in collaboration with LGU Mogpog and LCRO Mogpog on 27 August 2024.

The new PSA Mobile CRS Outlet is designed to streamline document requests and provide same-day issuance of civil registry documents at temporary sites. This innovative approach ensures that vital civil registration services reach those who need them the most, breaking down barriers and promoting inclusivity.

The launch event was marked by a ribbon-cutting ceremony, attended by local officials and community members who expressed their enthusiasm and support to this progressive initiative. Director Leni Rioflorido emphasized the importance of accessibility and efficiency in public service, highlighting how the new system would significantly reduce the waiting time for essential documents.

The Local Government Unit of Mogpog, headed by Hon. Mayor Augusto Leo M. Livelo represented by OIC-Administrator Vivian Logatoc, and Local Civil Registry Office, expressed gratitude to PSA for selecting their municipality as the pilot location for this initiative, noting that the collaboration between PSA and the LGU would pave the way for further improvements in public service delivery.

Despite the challenges posed by frequent power interruptions, the PSA Team successfully processed civil registry document requests of 49 clients. Additionally, the team extended their efforts by working overtime to fulfill the requests of 150 more clients of the CRS Mobile Outlet at the PSA Provincial Office.

Moving forward, the PSA plans to expand this service to other remote areas in the region, ensuring that more Filipinos benefit from this improved access to civil registration services. The success of the Mogpog roll-out is a promising step toward a more inclusive and accessible public service framework.
