As part of the institutional registration strategy, PSA Romblon continues its close coordination with government agencies and private businesses for the PhilSys registration of their staff, employees, students, customers, and clients. Further, mobile registration is also being implemented at the barangays. Romblomanons, through this strategy, may complete their Step 2 Registration sequentially.

Signed into law by President Rodrigo Duterte in August 2018, Republic Act 11055, or the PhilSys Act, aims to establish a single national ID for all Filipinos and resident aliens.
