## PSA PSO MARINDUQUE CONDUCTS MARCH 2025 RICE AND CORN STOCKS SURVEYS (FOR ESTABLISHMENTS AND HOUSEHOLDS)

**Date of Release: 12 MARCH 2025**

**Reference No.: 2025PR-03-037**

*PSA Marinduque SRs conducting interviews with sample establishments/households of March 2025 RCSS:C and RCSS:H*

MARINDUQUE PROVINCIAL STATISTICAL OFFICE. The Philippine Statistics Authority (PSA) Marinduque Provincial Statistical Office (PSO) successfully conducted the March 2025 Re-designed Rice and Corn Stocks Survey: Commercial (RCSS: C) and Enhanced Rice and Corn Stocks Survey: Household (RCSS:H), from March 1 – 5, 2025.

The Re-designed **RCSS:C** and Enhanced **RCSS: H** are monthly surveys that collect data on rice, corn grain, and corn grits stocks from commercial establishments, households, and non-commercial granaries as of 6:00 AM of the first day of each month. The data gathered, along with household and government stocks, aids in monitoring the supply and demand of the food staples, ensuring price stability and access. These surveys also support national accounts estimation, guide policymakers on rice imports during emergencies, and assist government planners and stakeholders, such as NEDA, NFA, DA, and the public, in developing

social and economic policies. Additionally, the RCSS: C focuses on rice and corn stock inventories in the commercial sector at the national and regional levels, comparing current stock levels with those from the same period in the previous year and the previous month. Together, these surveys help provide a comprehensive view of the stock situation and support effective decision-making in the agriculture sector.

PSA Marinduque hired four Statistical Researchers (SRs) to conduct personal interviews with 12 sample establishments from the 10 sample barangays, for RCSS:C, and 171 sample households from 12 sample barangays, for RCSS:H, across the province.

In line with this, both sets of sample establishments and households are encouraged to continuously support and participate in this nationwide undertaking by providing accurate and necessary information.
