

PRESS RELEASE

PSA Oriental Mindoro Conducts June 2025 Enhanced Rice and Corn Stock Survey: Household (RCSS:H)

Date of Release: 27 May 2025

Reference No.: 2025-PR-046

PSA Statistical Researcher and Supervisor while conducting the interview in one of the sample households of RCSS:H.

01 May 2025 – CALAPAN CITY, ORIENTAL MINDORO - The Philippine Statistics Authority Oriental Mindoro will conduct the data collection for the Enhanced Rice and Corn Stock Survey: Household (RCSS:H) in June 2025. This survey is in accordance with Republic Act No. 10625 or the Philippine Statistical Act of 2013, which authorizes the PSA to prepare and conduct periodic censuses on various sectors of the economy, and Executive Order No. 352 mandating the conduct of the survey every month.

The RCSS:H is a monthly survey that aims to assess the current rice and corn stock inventories in farming and non-farming households nationwide. The survey aims to generate rice and corn stock inventories

for the household sector at the national and sub-national levels and assess the stock levels compared with the same period in the previous year, and the previous month.

The rice and corn stock inventories from the household, commercial, and government sectors serve as inputs to the estimation and compilation of national accounts. Moreover, the survey supports the data needs of planners, policy and decision-makers, and other stakeholders in the agriculture sector particularly the Department of Economic and Development Authority, National Food Authority, Department of Agriculture, and the general public.

Four statistical researchers will conduct the data collection for June round from 02 to 06 June 2025. The hired SRs underwent a one-day training before the data collection schedule to ensure consistency of concepts and operational procedures. Tablets will be used as a medium of data collection, in adherence to the Computer-Assisted Personal Interviewing approach.

In the Province of Oriental Mindoro, 207 sample households from the municipalities of Calapan City, Naujan, Pola, Pinamalayan, Bansud, Bongabong, Roxas, Mansalay, and Bulalacao will be interviewed.

The PSA is committed to deliver relevant and reliable statistics. Hence, the agency encourages the public, especially the sample households, to participate in the various censuses and surveys conducted by the PSA. The agency also assures that all collected personal information is processed in accordance with the law and other issuances.
