

SPECIAL RELEASE

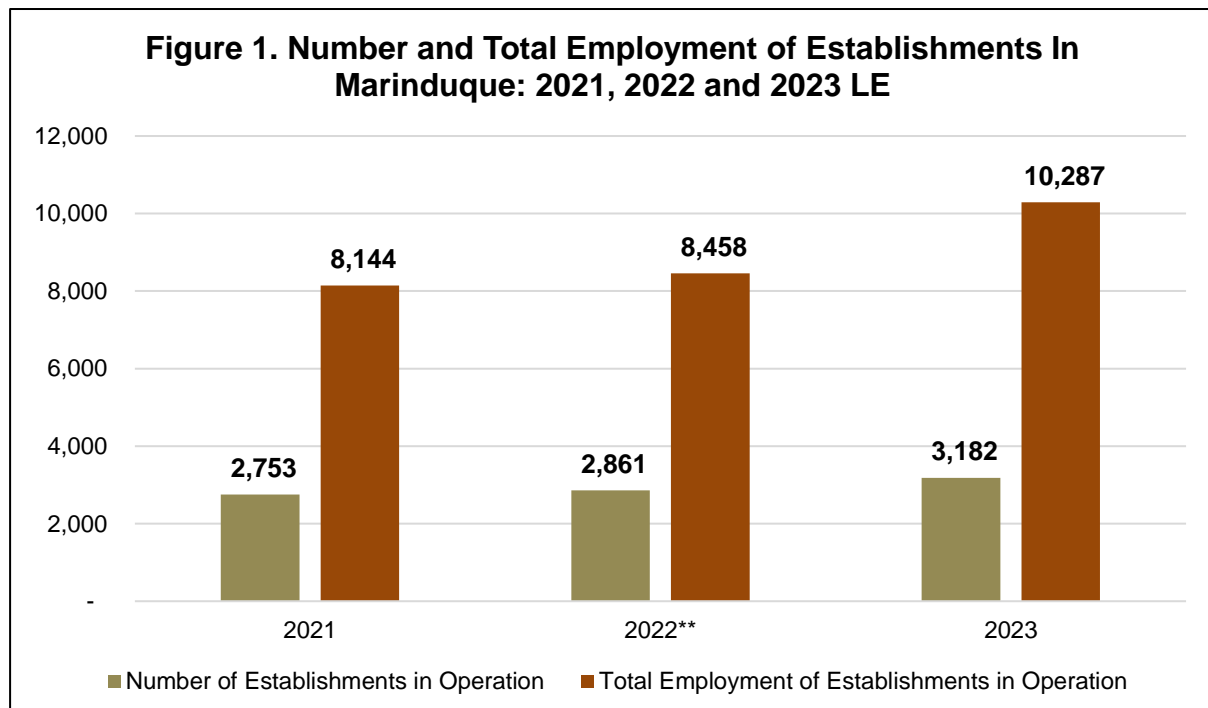

2023 List of Establishments in Marinduque

Release Date: 13 January 2025
Reference No.: 2025SR-01-003

11.2 percent Increase in Establishments and 21.6 percent Jump in Employment from 2022 to 2023

In 2023, the province of Marinduque had a total of 3,182 establishments in operation. Over the past few years, the province has experienced significant growth in both the number of establishments and total employment. The number of establishments rose from 2,753 in 2021 to 2,861 in 2022, and further increased to 3,182 in 2023, reflecting growth rates of 3.9 percent in 2022 and 11.2 percent in 2023.

Employment figures followed a similar trajectory of consistent growth. Total employment increased from 8,144 in 2021 to 8,458 in 2022, reaching 10,287 in 2023, with growth rates of 3.9 percent in 2022 and 21.6 percent in 2023.

Notes:

** Unlike 2021 and 2023 ULE which are both nationwide undertakings covering all barangays, the 2022 ULE covered only the establishments with temporarily closed status in 2021 ULE and verification of non-ULE barangays, in addition to the updates gathered from survey reports.

Boac Leads in Both Number of Establishments and Workforce

By municipality, Boac, the provincial capital, leads with the highest number of establishments in the province, totaling 1,017 establishments, which accounts for 32.0 percent of the total. Santa Cruz follows closely with 762 establishments, representing 23.9 percent of the province's businesses. Gasan (13.8%) and Torrijos (12.0%) also contribute significantly to the province's economy, with 438 and 383 establishments, respectively. Mogpog (10.6%) and Buenavista (7.7%) have fewer establishments.

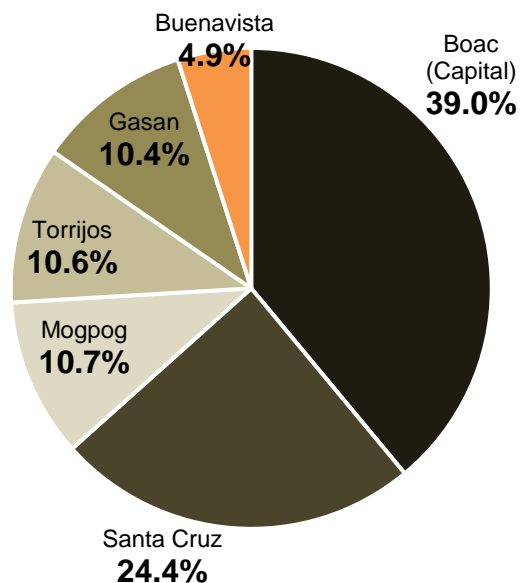

In terms of total employment, Boac stands out with 4,010 employees, making up 39.0 percent of the total workforce. Santa Cruz follows with 2,510 employees (24.4%). Mogpog, Torrijos, and Gasan each contribute notable portions to the employment landscape, with 1,099 (10.7%), 1,086 (10.6%), and 1,073 (10.4%) employees, respectively.

Explanatory Notes

The List of Establishments (LE) of the Philippine Statistics Authority (PSA) is a register containing records of establishments operating in the Philippines that are captured through door-to-door canvassing, lists from secondary sources, and information from the submitted survey reports.

The statistical unit in the LE is the establishment. An **establishment** is defined as an economic unit:

- **under a single ownership or control, i.e. under a single legal entity;**
- **engages in one or predominantly one kind of economic activity; and**
- **at a single fixed physical location.**

The Updating of the List of Establishments (ULE) is a regular activity undertaken to provide an updated and reliable LE. Generally, the conduct of a nationwide ULE operations is being done during the reference year of the Census of Philippine Business and Industry (CPBI), that is, one year prior to the actual census data collection. On years when nationwide ULE is not conducted, the door-to-door canvassing operations to update the LE is done only on a limited scale, that is, in selected areas (usually in economic growth areas or areas with special concerns), and/or only for certain groups of industries or specific economic units (e.g. Main Offices only). The coverage depends mainly on the availability of resources and the data needs. The regular updating is supplemented by information from available lists from other sources and from establishment's reports to surveys and census undertaken by the PSA.

Units not included in the LE are the following:

1. Ambulant peddlers ("maglalako") and hawkers and movable stall either along a public road or in a marketplace
2. Open stalls in shopping centers, malls, and markets
2. Individual professionals and technical workers or craftsmen who do not maintain fixed offices or shops
4. Construction or project sites
5. Sari-sari stores with no regularly paid employee
6. Retail sale via stalls and markets
7. Jeepney and AUV ("FX") operation (if without business office)
8. Tricycle, calesas, pedicabs operation
9. Public education services
10. Public medical, dental and other health services
11. Doctor's offices or clinics in hospitals
12. Medical clinics shared by at least two doctors
13. Central banking (BSP)
14. Government administrative and judicial offices; military and police camps and installations; government offices engaged in construction work
15. Business associations, employer's organizations, religious organizations, places of worship political organizations, and other membership organizations
16. Extra-territorial Organization and Bodies (World Health Organization, UNESCO, etc)
