PhilSys 2024: Progress of the National ID Implementation in Marinduque

Date of Release: 14 January 2025

Reference No.: 2025SR-01-004

The Philippine Statistics Authority (PSA) Marinduque is making notable progress in the implementation of the Philippine Identification System (PhilSys), also known as the National ID. Since the registration launch on June 28, 2021, PhilSys has since made strides in registration, issuance, and delivery within the province.

Over 208,000 residents are registered in the province of Marinduque

As of 2024, a total of 208,028 individuals have been registered in Marinduque, representing 86.97 percent of the updated target population of 239,207, which now includes children aged one to four. This marks a substantial increase from the initial target of 215,350 registrants aged five and older.

December	768*	441	57.42
Total	33,775	12,424	36.78

*Based on target Step 2 Registrants for the month

However, the issuance output for 2024 fell short of the target, achieving 36.78 percent of the annual goal of 35,575 National IDs in paper format. November marked the highest performance level, surpassing expectations with an achievement rate of 111.07 percent. October followed with a completion rate of 69.44 percent. In contrast, June recorded the lowest output, achieving only 1.96 percent of its target. Overall, performance during the mid-year months was relaxed, as May, July, and September registered below 30 percent completion rates. The notable overachievement in November indicates a concentrated effort during that month.
