MIMAROPA Region

Reference No. 2025-IG-22

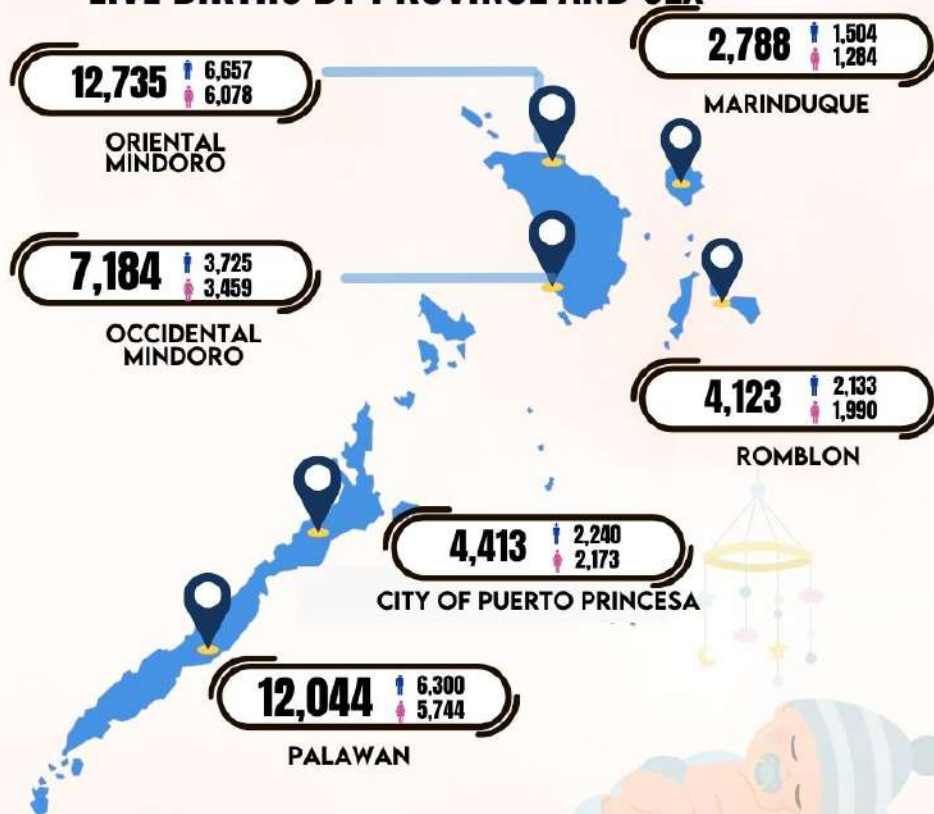

What is Live Birth?

It is the complete expulsion or extraction of a product of conception from its mother irrespective of the duration of the pregnancy, which after such separation, breathes or shows any evidence of life, such as beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles, whether or not the umbilical cord has been cut or the placenta is attached—each product of such a birth is considered liveborn.
