Notes:

- Zero
- .. Data not available
- \* Overseas workers are excluded in the estimation of the size of working population since the data on their economic characteristics are not collected because they are not considered part of the labor force in the country.
- <sup>^</sup> Persons not in the labor force refer to persons 15 years old and over who are neither employed nor unemployed. Those not in the labor force are persons who are not looking for work because of reasons such as housekeeping, schooling, and permanent disability. Examples are housewives, students, persons with disability, or retired persons.
- \*\* With estimates of less than 500 individuals
